Parent Portal

This is a great chance for families to become more familiar with the portal. Each family will also have the opportunity to win a free computer donated by the District.

Each family will have access to one computer terminal at the Computer Lab 273 (for the parents). Children's activities will be held in the Library. Important: if you have lost your portal password or if you have not yet opened an account, bring an ID and District representatives will be able to help with access codes.

Henderson HS: 400 Montgomery Ave., West Chester (behind Los Alquisiras & McDonalds) starting at 6:30 pm

Please RSVP to the group via phone, text, Facebook or email. Thank you.
