## Installing software from Software Center in Windows 10

There are two ways to get to Software Center:

- 1. Getting to Software Center from Start Screen
  - a. Click on search icon Start typing "Software Center" which will bring up a

window showing all the options.

b. Select Software Center

Software Center Destroy spp Sentings Scan for malware and other potentially unwanted software Documents Managed Software.docx	Software Center   Destings   Windows Update settings   Scan for malware and other potentially   umwanted software   Documents   Nanaged Software.docx     Managed Software.docx     Image: Software.docx <th>-</th> <th>Best m</th> <th>atch</th> <th></th>	-	Best m	atch
