Maintenance Medications

Maintenance medications are prescription drugs that treat ongoing conditions like high blood pressure, high cholesterol and asthma. Through the Maintenance Choice Program, you have an affordable way of obtaining maintenance medications. You can receive up to two fills of maintenance medications at any in network pharmacy. After the two fills, you can choose to receive your long-term prescriptions at a CVS Retail Pharmacy or from the CVS/Caremark Mail Service Pharmacy for the same copay. In both scenarios, you will pay two copayments for a 90 day supply of medication.

If you are taking a maintenance medication, you can obtain a 90 day supply of your medication for 2 copayments. After two monthly refills at the Retail Pharmacy, you must utilize the mail order program or a CVS Retail Pharmacy to obtain your maintenance medication.

**Employees enrolled in the HDHP plan pay the full cost for any prescriptions while working towards your annual deductible. Once the deductible is met, the cost of prescriptions reverts to the copay tiers listed above.*

Please note: Not all medications are covered. You must utilize the CVS Caremark Performance Drug List. This list is subject to change. In addition, your medication may require an authorization or be subject to quantity limits. In some cases, step therapy may apply where you are required to try a lower costing (usually generic) medication before taking the more expensive (usually non-formulary) medication.

Annual Notices

SECTION 125 PLAN

The Pretax Premium Feature allows you to pay any required healthcare benefit premium payments you must make using “tax-favored” or pretax dollars. If you are required to make contributions for your healthcare benefit options, your contributions will automatically be withheld from your pay on a pretax basis unless you specify otherwise. Your monthly cost for healthcare plan elections will be deducted from your gross pay, before any federal, Social Security, and most state and local taxes are withheld.

Pay-related benefits, such as life insurance and disability income, will not be affected. If your pay after your payroll reductions is less than the Social Security Wage Base, your future Social Security benefits may be slightly reduced because you will be paying less in FICA taxes. If your pay is more than the Social Security Wage Base, your Social Security benefit will not be reduced at all.

CHANGING YOUR ELECTIONS

The benefits you elect during the enrollment period will remain in effect through June 30, 2024. During the year, you can make certain changes only if you have a Qualifying Change in Status or a Special Enrollment Event. If you wish to change your coverage, you must submit the appropriate form. Any benefit changes must be made no later than 30 days after the event and must be consistent with the Qualifying Change in Status or Special Enrollment Event.

A Qualifying Change in Status includes a change in:

- Employee’s legal marital status
- Number of employee’s dependents
- Employment status of employee, employee’s spouse or dependent that causes the individual to become or cease to be eligible
- Judgment, decree or court order for coverage of children
- Medicare/Medicaid eligibility
- Residence or worksite of employee, employee’s spouse or dependent.

HIPAA SPECIAL ENROLLMENT RIGHTS

Loss of other coverage (excluding medicaid or a state children’s health insurance program). If you decline enrollment for yourself or for an eligible dependent (including spouse) while another health insurance or group health plan coverage is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependent’s other coverage).

However, you must request enrollment within 30 days after your or your dependent’s other coverage ends (or after the employer stops contributing toward the other coverage).

Loss of coverage for medicaid or a state children’s health insurance program.

If you decline enrollment for yourself or for an eligible dependent (including spouse) while Medicaid coverage or coverage in a state children’s health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. *However, you must request enrollment within 60 days after your or your dependents’ coverage ends under Medicaid or state children’s health insurance program.*

New dependent by marriage, birth, adoption or placement for adoption.

In addition, if you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your new dependents. *However, you must request enrollment within 30 days after the marriage, birth, adoption or placement for adoption.*

AVAILABILITY OF SUMMARY HEALTH INFORMATION

You are offered a series of health plan options. Choosing a health coverage option is an important decision. To help you make an informed choice, your plan makes available a Summary of Benefits and Coverage (SBC), which summarizes important information about each health plan option in a standard format, to help you compare plans. You may request paper copies of the SBCs by contacting the plan administrator noted on the first page of this document.

Annual Notices (cont'd)

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT

Group health plans and health insurance issuers generally may not, under Federal Law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal Law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal Law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

WOMEN'S HEALTH AND CANCER RIGHTS ACT OF 1998

As required by the Women's Health and Cancer Rights Act (WHCRA) of 1998, this plan provides coverage for:

- All stages of reconstruction of the breast on which the mastectomy has been performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses
- Physical complications of mastectomy, including lymphedemas, in a manner determined in consultation with the attending physician and the patient. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate and are consistent with those established for other benefits under the plan or coverage.

The provider of our group health plan coverage reports that they have always provided coverage for these services and will continue to do so in consultation with the attending physician and the patient. Any deductibles or coinsurance will apply consistent with other benefits in your plan.
