Understanding School & Community Mental Health RESOURCES

Finding the right mental health resources for your child may feel overwhelming. Join us to learn about the many mental health resources available in our schools and community. This presentation will cover:

- types of mental health support provided in schools, including counseling, crisis intervention, and referral options.
- external mental health resources
- how to identify appropriate services for children's varying needs, such as outpatient counseling, partial hospitals, and specialized programs.

Our goal is to empower parents with knowledge to support their children's mental well-being effectively, enhancing collaboration between families, schools, and community providers.

ABOUT THE PRESENTERS:

Bridget Ritter and Dalci Stanton, WCASD Pupil Services Supervisors will be joined by Kate Coulter, Assistant Director of Pupil Services for the District. Together, this trio has a wealth of expertise regarding mental health support both in and outside the schools.
