One in Ten children WILL BE sexually abused before age 18
90% know their abuser

JOIN US to learn how to prevent it from happening!

September 24, 2019

6:30 - 8:30 pm

Spellman Education Building
782 Springdale Drive, Exton

Please RSVP: Deb Ryan, Crime Victims' Center of Chester County, Inc. at debr@cvcofcc.org or call 610-692-1926 ext. 220.

Contact us with questions or if you want more information on how to schedule a workshop for your community.

Child sexual abuse is one of the most prevalent health problems children face with the most serious array of consequences. **Survivors are more likely to experience PTSD, anxiety, depression, substance abuse, teen pregnancy, delinquency, suicide, self-harm, and other severe, life-altering impacts.**

The SAFE TOUCHES program will be taught to all WCASD students in grade 2 during school in the fall.

This is the only nationally distributed, evidence-informed program proven to increase knowledge, improve attitudes, and change child protective behaviors.
