WEST CHESTER AREA SCHOOL DISTRICT Property & Finance Committee Meeting Tuesday – January 18, 2022 6:30 p.m.

Board Room A/B, Spellman Education Center 782 Springdale Drive, Exton, PA 19341

AGENDA

•	Pu	hl	ic	Con	٦m	ent

Approval of December 20, 2021 P&FC Minutes (see attached)
 Mr. Bevilacqua

 Financing Plan Update and Approval for the Financing Team to Proceed with Preparations of a Parameters Resolution for the 2022 General Obligation Bonds to Fund the Elementary School Renovation Plan (see attached) Mr. Scully/ Mr. Bamber, PFM

• Review and Approval of the 2022-23 Technology Projects in the Capital Reserve Fund (see attached)

Mr. Wagman

 Approval of Capital Reserve Projects and Capital Fund Projects (see attached) Mr. Birster

Review of Budget Forecast Model (see attached)

Mr. Scully

 Approval of Revised Policy 903, Public Participation in Board Meetings, First Reading (see attached) Dr. Sokolowski

$\sim\sim\sim\sim$

(Board & Public)

Public Comment Protocol

- Residents wishing to make public comment on agenda items must register prior to the start of the meeting.
- Public comments on agenda items will be taken at the beginning of the meeting prior to voting.
- Policy 903: Public Participation in Board Meetings governs public comment.
- The committee chair or designee will call residents in the order in which they signed in.
- A two-minute timer will begin after the speaker gives their name and address.

Committee Meeting Minutes WEST CHESTER AREA SCHOOL DISTRICT December 20, 2021 – Property & Finance Committee

<u>Attending Committee Members</u>: Director Bevilacqua-Chair, Director Fleming, Director

Herrmann, Director Whomsley

Other Board Members: Director Chester, Director Detre, Director Durnell, Director

Shaw, Director Tiernan

Administration: Mr. John Scully, Dr. Robert Sokolowski, Mr. Wayne Birster, Mr. Justin

Matys

Also Present: Members of the public

Action or outcomes from the meeting: (Unless noted, all votes were 4-0.)	
The committee approved the November 15, 2021 Property & Finance	
Committee Minutes with a 2-0 (Director Fleming and Director Whomsely	Mr.
abstained).	Bevilacqua
Mr. Scully provided an overview of the revenues and expense categories of the forecast model. Mr. Scully reviewed the Budget Forecast Model pages 5 & 6 and the changes from the previous model. 2021-22 changes to revenue projections include a \$100,000 reduction in Investment Earnings. The total projection change for 2021-22 is a decrease of \$100,000 in the 6/30/22 fund balance. Mr. Scully explained that the 2022-23 budget figures now reflect building/departmental budget worksheets and updated staffing amounts and have replaced the previous projections which were based on the assumptions included in the forecast model. The net total change to the 2022-23 expenses is a decrease of \$657,236. Changes to the 2022-23 revenue projections were a decrease of \$14,510 related to local revenue, and increase of \$14,907 related to State subsidies, and a \$510,608 increase related to Federal revenue. The net of 2022-23 projection changes totaled (\$1,168,241). The net of all model changes for December reduced the 2022-23 budget gap in the amount of \$1,068,241. The December model shows a total budget gap, after an Act 1 index, of \$1.3 million. The Administration will continue to review projections for potential savings to reduce the millage impact for the 2022-23 District final budget. This item is for informational purposed only and no Board action is required.	Mr. Scully
Mr. Scully reviewed the 2022-23 Budget calendar and Budget Resolutions for December and advised the Committee that Act 1 requires the Board to adopt a resolution at the December School Board meeting regarding the intended level of taxation to be within or above the state mandated Act 1 limit. Option 1: File for Exceptions for a 2022-23 Tax Increase over the Act 1 Index 1. Resolution to Publicize the District's Intent to Obtain the Pennsylvania Department of Education's Approval of Exceptions for the 2022-23 Budget 2. Resolution to Acknowledge the Release of the 2022-23 Preliminary Budget & Approval to Advertise Intent to Adopt the 2022-23 Preliminary Budget at Least Ten (10) Days Prior to Adoption Option 2: Commit to 2022-23 Tax Increase no higher than Act 1 Index 1. Resolution for Act 1 Inflation Index Budget Limit	Mr. Scully

Per our budget calendar, if the Board choses Option 1, we are scheduled to display the 2022-23 Preliminary Budget in PDE format on or before January 4th and to adopt it on January 24 th at the regularly scheduled Board meeting. If the Board chooses Option 2, the 2022-23 Budget will be displayed and adopted in May 2022. The Administration recommended Option 2 for the District to commit to a 2022-23 tax increase not to exceed the Act 1 limit for the 2022-23 school year. The Committee recommended approval of the resolution for the District to commit to a 2022-23 tax increase not to exceed the Act 1 limit for the 2022-23 school year.	
Mr. Scully reviewed the 2021 real estate property assessment appeals impacting the 2022-23 tax base. As of August, property owners in the West Chester Area School District filed assessment reduction appeals on properties in Chester County totaling \$119 million in assessed value. Of this amount, \$37 million are commercial/industrial appeals and \$82 million are residential appeals. Delaware County homeowners filed appeals on property assessed at \$4.8 million. Mr. Scully advised the Committee that based upon the documentation provided by the property owner, the County Board of Assessments will determine a fair market value for the property. The Board will then apply the Common Level Ratio (CLR) to the fair market value to arrive at the new assessed value. Per the State Tax Equalization Website, the latest CLR is 45.05% (last year was 47%) and it is the same for all types of properties. The reduction in the CLR benefits property owners in lowering their assessments. Mr. Scully reviewed a history of appeals and corresponding reductions in assessments and advised the committee that based on this analysis, the 2022-23 appeals could result in a reduction of 31.93% or \$38 in assessed value. The tax effect of that reduction would amount to approximately \$839,000. The current forecast model includes that possible reduction. This item is for informational purposed only and no Board action is required.	Mr. Scully
Items to be placed on board agenda December 20, 2021:	
Approval of Act 1 Resolution for Inflation Index Budget Limit	
Items to discuss at a later date:	

Next Meeting Date: Tuesday, January 18, 2022

West Chester Area School District

Refunding Analysis

January 18, 2022

West Chester Area School District Topics for Discussion January 18, 2022

Market Update

1) Long term tax-exempt interest rates continue to remain near all-time lows as the market digests recent increases in inflation as well as the ongoing impacts of COVID-19

2022 Calendar Year Refunding Opportunities

1	2	3	4	5
Series	Refunded Principal	Average Existing Rate	Call Date	Final Maturity
Series A of 2012	\$21,000,000	3.000%	May 15, 2022	2032
Series AA of 2016	\$8,480,000	2.999%	May 15, 2022	2032
Series of 2017	\$4,780,000	2.053%	June 15, 2022	2028

2) Assuming a conservative estimate of current market conditions, the combined refunding produces net local effort savings of approximately \$1,024,000 or 2.99% of refunded principal.

Estimated Timeline & Next Steps

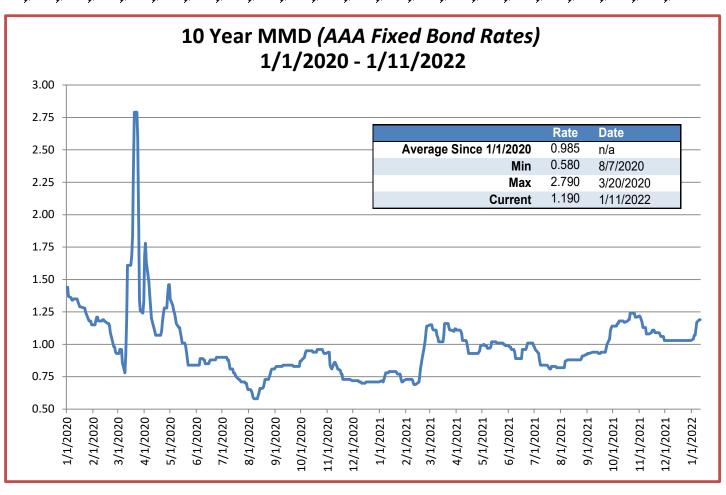

- 3) The earliest a tax-exempt current refunding can settle is 90 days prior to the call date, or
 - a) For the 2012A and 2016AA Bonds, must settle after February 14th, 2022
 - b) For the 2017 Bonds, must settle after March 17th, 2022
- 4) See estimated timeline on page 5
- 5) Sample authorizing motion for January 2022 meeting(s)

The Board of School Directors of the West Chester Area School District does hereby authorize the Administration to work with PFM Financial Advisors LLC as Financial Advisor, Eckert, Seamans, Cherin & Mellot LLC as Bond Counsel, and the Solicitor in conjunction with the issuance of General Obligation Bonds, Series of 2022 via a competitive internet auction for the purpose of refunding all or a portion of the General Obligation Bonds, Series A of 2012, Series AA of 2016, and Series of 2017 at a minimum net savings target of at least 2.00% of refunded principal.

West Chester Area School District Technology Department

Spellman Education Center 782 Springdale Drive Exton, PA 19341 484-266-1050

Michael M. Wagman, Director of Technology mwagman@wcasd.net

MEMO

Date: January 5, 2022

To: John Scully, Business Manager

From: Michael Wagman, Director of Technology

Subject: 2022 Capital Budget

Cc: Dr. Bob Sokolowski, Superintendent

Chong Lee, Assistant Director of Technology

I am pleased to share our 2022-2023 capital budget proposal for adding and replacing student and staff technologies, including laptop computers and iPad devices. The budget represents the District's ongoing commitment to keep most technologies four years old or newer and maintain the student 1:1 program that now operates K-12. Additionally, it reflects a thoughtful deployment of technologies that supports the curriculum in both the elementary and secondary divisions. This sustained investment made it possible to scale our resources to meet the unprecedented demands of the pandemic.

As in past years, our major equipment refresh includes replacing aging switchgear in the schools and at Spellman, updated wireless access points, staff computers, and the purchase of laptop computers for grades six and nine and iPad devices for K and 3. This budget provides for the replacement of aging equipment configured for specialized areas, including technology education, graphic design, and television production. We've projected the cost of sustaining these initiatives through the 2028-2029 school year, assuring that future budgets comport with our anticipated annual capital allocations.

Addressing other critical areas, we allocate funds to substantially complete the multi-year security camera deployment across the District while maintaining the existing system infrastructure. We continue to seek and receive school safety grants to supplement our current deployment in areas of need while offsetting the expense to the school district.

We are also continuing our investment in cybersecurity. We maintain a staff awareness program and, through the allocation of operational dollars and changes in practices, address recommendations in our internally-initiated 2019 security audit, as well as recent district-initiated assessments of our security posture. We ask for a modest increase in networking allocations to meet anticipated new expenses over prior years. However, as with the security cameras, our overall request remains within the current capital allocation.

This year, we added new line items for STEM-related hardware at the elementary and secondary levels to support the curriculum across multiple subject areas. The robotics

equipment in the elementary schools is aging and breaking through continued use. We propose to replace the classroom sets of robot kits currently made available through the elementary libraries.

At secondary, multiple subject areas now provide students with virtual reality (VR) learning experiences with more teachers expressing interest. We currently have a limited number of classroom VR sets, and the middle school libraries used Google Expeditions, which Google discontinued last summer. Consequently, we allocated funds in this budget to replace unsupported systems and increase access to virtual reality experiential learning experiences to even more classrooms.

I look forward to addressing your questions.

Thank you very much.

Superintendent of Schools

TO: Board of School Directors FROM: Robert Sokolowski DATE: January 4, 2022

RE: Further revisions to Policy 903-Public Participation in Board Meetings

At the January Property & Finance meeting, we will discuss the following additional revisions to Policy 903-Public Participation in Board Meetings:

- Increasing the public comment time limit from two (2) minutes to three (3) minutes to align with surrounding districts as well as the common time limit suggested in the Sunshine Act.
- Under procedural guidelines, eliminating the following: "Anyone having registered a legitimate interest in a contemplated action of the Board." This statement is ambiguous as written and leaves the district open to challenges on how it evaluates a "legitimate interest."
- Revising when the presiding officer may interrupt or terminate a participant's statement to include the three (3) minute limit as well as if the participant's statement is not appropriate for that public comment period.
- Updating the policy to officially reflect the replacement of the public comment sign-in sheet with individual public comment registration cards. A card must be completed by each speaker prior to the scheduled start of the meeting and will require the speaker to list their name, address and topic for verification purposes. At the podium, speakers are asked to state their township/borough instead of address.

This policy was first reading approved in October but was tabled in November. The changes above are significant and Board Policy 003: Functions, states "changes in a proposed Board procedure or policy, except for minor editorial revisions, at the second reading shall cause that reading to constitute a first reading". This policy will, therefore, be considered a first read at the January 24 board meeting.

Please let me know if you have any questions.

Book Policy Manual

Section 900 Community

Title Public Participation in Board Meetings

Code 903

Status Review

Adopted August 1, 2015

Last Reviewed July 27, 2015

Purpose

The Board recognizes the value to school governance of public comment on educational issues and the importance of involving members of the public in Board meetings. Public comment is an opportunity for the Board to hear comments from the public; it is not meant to be a question and answer period.

Authority

The Board shall establish guidelines **adopts this policy** to govern public participation in Board meetings necessary to conduct its meeting and to maintain order. [1]

In order to permit fair and orderly expression of public comment, the Board shall provide an opportunity at each open meeting of the Board for residents and taxpayers to comment on matters of concern, official action, or deliberation before the Board prior to official action by the Board.[2]

If the Board determines there is not sufficient time at a meeting for public comments, the comment period may be deferred to the next regular meeting or to a special meeting occurring before the next regular meeting.[2]

When an item is added to the agenda after the agenda item public comment period has ended, the Board shall offer a further public comment opportunity limited to the added item(s). The public comment opportunity on the added item(s) shall occur prior to official action or deliberation on the added item(s).

Delegation of Responsibility

The presiding officer at each public Board meeting will follow the rules of the Board for the conduct of public meetings in accordance with this policy and other applicable Board policy.[3][4][5]

Guidelines

Whenever issues identified by the participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures.

Board Business Meetings

Designated public comment times:[4][5]

- 1. There will be a public comment section at the beginning of the meeting for agenda items only.
- 2. There will be a public comment section at the end of the meeting for any nonagenda items.

Board Committee Meetings or Work Sessions

The purpose of the Board committee meeting or work session is to review items to be placed on the agenda for the upcoming business meeting and also to discuss other appropriate items.[4]

There will be a public comment period at the end **beginning** of each committee meeting or work session on agenda items only. If the presiding officer determines that a topic needs time for comments, s/he will establish that time during the meeting.

Procedural Guidelines

The Board requires that public participants be residents or taxpayers of this district or:

1. Anyone having registered a legitimate interest in a contemplated action of the Board.

- 1. Anyone representing a group in the school district.
- 2. Any representative of a firm eligible to bid on materials or services solicited by the Board.
- 3. Any district employee.
- 4. Any district student.

All individuals wishing to participate in a public Board meeting shall register on the sign in sheet at the beginning complete a registration card prior to the designated start of the meeting and shall include the name and address of the participant and topic to be addressed.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, township or borough, and group affiliation, if applicable.

Each speaker must limit his/her comments to two (2) three (3) minutes or less.

All comments shall be directed to the entire Board. No participant may address or question individual Board members.

The presiding officer may:

- 1. Interrupt or terminate a participant's statement when the statement exceeds three (3) minutes, is obscene or threatening in nature, or is commenting on subject matter that is not appropriate for the given public comment period (e.g., agenda item versus nonagenda item). is too lengthy, repetitive, personally directed, abusive, obscene, or irrelevant.
- 2. Request any individual to leave the meeting when that person does not observe reasonable decorum.
- 3. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
- 4. Establish a time limit on public comment as part of the meeting.

The meeting agenda and all pertinent documents shall be distributed to the press and public at all meetings.[6]

PROPERTY & FINANCE COMMITTEE
MEMO AGENDA ITEMS – for January 24, 2022

Unless I hear otherwise, the following items will be placed on the School Board "Consent Agenda" for the January 24, 2022 Board meeting. Enclosed please find the attachments for all items.

BOARD CONSENT ITEMS for January 24, 2022:

• Approval to Acknowledge Receipt of the 2020-21 Local Audit Report

cc: Dr. Sokolowski & Cabinet

WEST CHESTER AREA SCHOOL DISTRICT Property & Finance Committee Consent Memo Item for 1/24/22

Approval to Acknowledge Receipt of Local Audit Report

In accordance with Section 2408 of Pennsylvania School Code, each year the School Board of Directors must acknowledge receipt of the Local Audit Report. The 2020-21 audit report including the District's financial statements is attached.

Our financial statements have been prepared in accordance with GASB 34. The statements present both the government wide and fund level financial statements using both the accrual and modified accrual basis of accounting, respectively. The statements are in the same format used since the implementation of GASB 34 in the 2001-02 school year:

- On document pages numbered 11-21 are the District Management's Discussion and Analysis (MD&A). This includes a discussion of the financial results of the District for the past school year and gives insight to the reader on the District's future.
- On document pages numbered 22 and 23 are our Government Wide Financial Statements. These report financial statements of our District as a whole using accounting methods similar to those used by private sector companies.
 - The Statement of Net Position (page 22) includes all of the government's assets and liabilities.
 - The Statement of Activities (page 23) reports all of the current year's revenues and expenditures based on the accrual method of accounting.
- The remainder of the statements are the fund financial statements.

The approval of this acknowledgement must be entered into the minutes of the January Board meeting and will be placed on the consent agenda.

INTRODUCTORY SECTION

December 10, 2021

Dear Community Member,

We are pleased to present the Comprehensive Annual Financial Report ("CAFR") of the West Chester Area School District for the fiscal year ended June 30, 2021. This District's Business Office prepared this report.

The CAFR is published to present complete and accurate financial information on all the funds and financial activities of the District for the 2020 - 2021 fiscal year. The Business Office staff and management are responsible for the accuracy of the statements, notes, schedules, and statistical tables. We believe that the information in the report is a fair presentation of the financial position and the results of operations of the District based upon a comprehensive framework of internal controls that have been established for this purpose. The report is prepared in accordance with generally accepted accounting and financial reporting principles applicable to governmental entities in the United States of America. Most importantly, this report will provide the reader with a comprehensive understanding of the District's financial affairs.

Barbacane Thornton & Company LLP, Certified Public Accountants, have audited the District's financial statements. They have issued unmodified opinions on the West Chester Area School District's financial statements for the year ending June 30, 2021. Their report is located at the beginning of the Financial Section of the CAFR.

The Management's Discussion and Analysis (MD&A), which follows the independent auditor's report, provides an overview of the District's financial performance during the fiscal year ending June 30, 2021. It should be read in conjunction with this transmittal letter and the District's basic financial statements.

Reporting Entity

The West Chester Area School District is an independent reporting entity and a primary government as defined in the criteria established in the Governmental Accounting Standards Board's ("GASB") Codification of Governmental Accounting and Financial Reporting. The basic criteria for determining the inclusion in the reporting entity is financial accountability and the nature and significance of the relationship.

Profile of the District

The West Chester Area School District was formed by Pennsylvania state law and began operations on July 1, 1966. The population of the District is approximately 108,000. The District encompasses several communities in Chester County and one in western Delaware County. The District covers an area of approximately 75-square-miles. The District's boundaries are coterminous with those of the Borough of

West Chester and the Townships of East Bradford, East Goshen, Thornbury, West Goshen, Westtown, and West Whiteland in Chester County and the Township of Thornbury in Delaware County. The Borough of West Chester, located in the geographic center of the District and is the county seat for Chester County, is approximately 25 miles west of Philadelphia. The Borough of West Chester is the financial and professional center for the surrounding area. The Townships are principally residential in character, with regional shopping centers and industrial parks.

The District is governed by a nine-member Board of School Directors ("the School Board") who are elected for four-year terms. The Superintendent is the chief administrative officer of the District, with overall responsibility for all aspects of operations including education. The Director of Business Affairs is responsible for budget and financial operations. Both of these officials are appointed by the School Board.

The purpose of the District is to provide an education system Kindergarten through 12th grade, including regular instruction, special instruction, vocational education, and support services to the approximately 15,500 students that live within the District boundaries. To accomplish this goal, the District operates ten (10) elementary schools, three (3) middle schools, and three (3) high schools. The District maintains sixteen (16) school buildings that were initially built in the years spanning 1940 through 2006 (For additional information, please see the District facilities page in the statistical section of this report.) Additionally, the District is required to pay the tuition for the 473 children that live within the District boundaries that attend charter schools. During the year ending June 30, 2021, the District paid \$7.868.650 in tuition to Charter Schools.

Budget Process

The Board considers preparation of an annual budget to be one of its most important responsibilities because the budget is the financial reflection of the District's educational plan. The budget shall be designed to carry out that plan in a thorough and efficient manner, to maintain the facilities and to honor District obligations. Budget planning for the District is an integral part of program planning so that the annual operating budget may effectively express and implement all programs and activities of the District. Budget planning is a year-round process involving active participation by administrators, Board members, and appropriate District personnel. The District maintains budgetary controls to ensure compliance with legal provisions incorporated within the annual appropriated budget. The annual appropriated budget is adopted by the School Board by June 30 of each year. Legal budgetary control is maintained at the sub-function major object level.

The District follows the Pennsylvania Public School Code requirements, the procedures mandated by the Pennsylvania Department of Education, and the District policies for annual general fund budget approval. Pennsylvania State code requires that each Pennsylvania school district prepare and adopt an annual appropriation budget for the general fund. The District's annual general fund budget sets forth District expenditures and revenues and establishes the tax levy prior to the beginning of each fiscal year. The total amount of the budget may not exceed expected revenue plus a prudent and reasonable contingency and reserve. At least 30 days prior to adoption of the final budget, the Board prepares and presents a proposed budget, which is set forth in detail using the forms required by the Pennsylvania Department of Education. The Board holds one or more public hearings on the annual budget prior to the meeting at which it is formally adopted.

During the course of the year, the Pennsylvania School Code prohibits spending to exceed the approved budget. To adjust for price changes and other changes to the original budget assumptions, the District allows for the transfer of funds among budget line items upon the recommendation of the

Superintendent and the Director of Business Affairs. By law, such transfers may only be made during the last nine months of the fiscal year, and all transfers require Board approval.

Internal Controls

The objective of a system of internal controls is to provide reasonable, but not absolute, assurance that the District assets are properly protected and to ensure that financial transactions, which are relied on in the preparation of financial reports, are accurately recorded. The concept of reasonable assurances recognizes that the cost of the system of internal controls should not exceed the benefits likely to be realized, and that the valuation of costs and benefits requires estimates and judgments by management. The District has established policies and procedures to effectively implement and maintain a system of internal accounting controls. Management and independent auditors continually evaluate these policies and procedures to ensure the adequacy and effectiveness of the internal control structure.

Economic Condition and Outlook

The area's economy remains healthy, with Chester County economic indicators surpassing state-wide data. The county has one of the lowest unemployment rates among the Commonwealth's 67 counties. Moody's Investors Service reaffirmed the District's Triple-A ratings based on the sizeable and affluent residential tax base, solid financial position that is expected to remain stable, and manageable debt burden.

That having been said, the District has been impacted by a number of factors. In 2006, the Pennsylvania General Assembly passed into law Act 1 of 2006. This law places restrictions on the amount that school districts can raise property taxes to within a cost-of-living increase. The law does allow for exceptions to Act 1 tax increase above the index for Special Education and State Retirement purposes. In 2020 - 2021, the index allowed for a 2.6 percent increase in property taxes; and the School Board opted to not increase property tax, and the tax rates in Chester County and Delaware County were 21.6622 and 16.6626, respectively.

As the District continues to navigate under the budgetary constraints of Act 1 funding restrictions, other school districts throughout Pennsylvania incurred a number of unfavorable budgetary impacts. The Pennsylvania economy, which has a direct effect on the District's earned income tax and other local revenues, has seen a slight growth over the past few years. The District pension program, which is administered by the State, continues to show increases in pension rates through 2022 - 2023. The District contribution rate has increased from the 2019 - 2020 contribution rate of 34.29 percent to a rate of 34.51 percent in 2020 - 2021. State revenue remains relatively flat over the past few years, and the District anticipates minimal increases in the upcoming years. Due to the increase in CARES COVID funds, federal revenues have increased during the 2020 - 2021 fiscal year and should remain elevated through the 2022 - 2023 school year.

As a result of the above noted economic conditions, the District's Comprehensive Plan has incorporated a financial goal of funding priorities based on fiscal realities. Part of the goal requires the District to control debt spending and fund balance limits. The District continues to closely manage economic indicators that will impact the next few budget cycles.

Long-term Financial Planning and Financial Policies

As stated earlier, the District budgeting process is a year-round process. As part of that process, the Business Office aggressively forecasts revenues and expenditures going five years into the future. This

long-term financial planning is essential to absorbing the anticipated changes to mandated expenditure patterns and revenue streams. To assist with this management, the District has many policies in place which include, but are not limited to, fund balance policies and debt policies.

Major Initiatives

The District is in the middle of a multiyear elementary school renovation project. The most recent elementary school master plan projects renovating all of the District's existing ten (10) elementary schools between 2011 - 2026. In 2020 - 2021, the District completed a majority of the final phase of construction of East Goshen Elementary School. The original construction and renovation of the District buildings is included in the statistical section of the CAFR under Operating Information.

Over the past several years, the District has seen a great deal of rapid and recently approved residential development in the school district, including about 2,800 new units. The District believes the strength of our educational programming is attractive to new families, and we expect to see about 750 new students from these homes, 500 of which will attend elementary schools. To accommodate the additional influx of students, the District has completed the majority of the construction of an additional eleventh Elementary school, slated to open for the 2021 - 2022 school year.

In light of the current economic outlooks, the District is cautiously planning the funding of these projects. The District has always exercised caution and a conservative approach to borrowing.

For the 2020 - 2021 school year, the District developed and implemented a West Chester Cyber program; and as a result of the pandemic, the District was able to offer the program to all grades K-12 in year one.

Independent Audit

The District engages an independent certified public accounting firm to audit the District's annual financial statements. The auditor's report on the Fiscal 2020 - 2021 financial statements is included in the Financial Section of this report and complies with applicable guidelines.

Awards

The Association of School Business Officials International (ASBO) awarded the Certificate of Excellence ("COE") in Financial Reporting to the West Chester Area School District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2020. This award recognizes the school business officials' commitment to financial accountability and transparency. Recognition through the COE program can help strengthen a district's presentation for bond issuance statements and promotes a high level of financial reporting.

Acknowledgements

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the Business Office. Each member has our sincere appreciation for contributions made in the preparation of this report.

Respectfully,

John Scully

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

December 10, 2021

Board of School Directors West Chester Area School District Exton, Pennsylvania

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the West Chester Area School District ("the District"), Exton, Pennsylvania, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or

Board of School Directors West Chester Area School District

error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the West Chester Area School District, Exton, Pennsylvania, as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof, and the budgetary comparison statement of the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in Notes 1 and 21 to the financial statements, the District has adopted the requirements of GASB Statement No. 84, "Fiduciary Activities." The statement provides additional guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. As a result, the District now presents a statement of changes in fiduciary net position for its custodial funds. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 11 through 21 and the schedule of the District's proportionate share of the net pension liability - PSERS, schedule of District pension contributions - PSERS, schedule of the District's proportionate share of the net OPEB liability - PSERS, schedule of District OPEB contributions - PSERS, and schedule of changes in the District's net OPEB liability - single employer plan on pages 70 through 74 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for

Board of School Directors
West Chester Area School District

consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory and statistical sections are presented for the purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"), and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The schedule of expenditures of federal awards has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 10, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

BARBACANE. THORNTON & COMPANY LLP

WEST CHESTER AREA SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED JUNE 30, 2021

INTRODUCTION

The discussion and analysis of the financial performance of the West Chester Area School District ("the District") provides an overall review of the District's financial activities for the fiscal year ended June 30, 2021. The intent of this discussion and analysis is to look at the District's financial performance as a whole. Readers also should review the financial statements and the notes to the financial statements to enhance their understanding of the District's financial performance.

DISTRICT MISSION STATEMENT

The District's mission is to educate and inspire our students to achieve their personal best.

DISTRICT PROFILE

The District consists of ten elementary schools, three middle schools, and three high schools, serving 12,100 students. The District serves a 75 square-mile suburban, urban, and rural area in Chester County, Pennsylvania and is comprised of West Chester Borough and the surrounding townships of East Goshen, West Goshen, East Bradford, West Whiteland, Westlown, and Thornbury in Chester County, and Thornbury Township in Delaware County. The staff, headed by Superintendent Dr. Jim Scanlon, includes more than 980 teachers, 60 administrators, and 400 support staff. More than 70 percent of our certified teaching staff and 100 percent of our administrative staff hold advanced degrees. Student achievement is the primary focus in the District as it is consistently ranked among the best in the state and nation. In 2021, recognition includes U.S. News and World Report and Newsweek's Best Public High Schools in the nation. Niche, a national database of public schools, rated the District as 26 out of 495 Pennsylvania school districts, and The National Music Merchants recognized the District as one of the best communities for music education. In 2020, 35 District students were named national merit scholars, and 376 students were named AP scholars.

FINANCIAL HIGHLIGHTS

- The largest District revenue stream is local property tax. In 2020 2021, the School Board did not raise property taxes to balance the budget. The taxpayers in Chester County continued to be assessed for property taxes at 21.6622 mills. (Please note that one mill is equal to one-tenth of a cent or \$0.001 of assessed value.) The Delaware County tax rate was assessed based upon the equalized millage calculation, which resulted in an increase in tax rate from 16.2597 mills in 2019 2020 to 16.6626 mills in 2020 2021.
- The statement of net position reflects the actuarially determined net pension liability of \$341,620,000; deferred outflows of resources of \$53,622,239 comprising contributions made by the District made after the measurement date of June 30, 2020, contribution made in excess of the required contribution made in the year of the measurement date, and charges in the District's proportionate share of the net pension liability; deferred inflows of resources of \$8,728,000 comprised of investment returns on pension assets over projected returns and differences between the actuarially expected and actual experience to be recognized as a future reduction in pension expense; and a decrease in the liability until fully recognized.

WEST CHESTER AREA SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED (CONT'D) JUNE 30, 2021

- On an entity-wide basis, the District's total net position was negative \$174,208,771 at June 30, 2021. This represented an increase of 11 percent from the prior year.
- On a fund level reporting basis, compared to the prior year, the District's General Fund total revenues, excluding other financing sources, increased by 2.39 percent or \$6,101,186. This increase was driven by property tax revenue growth, earned income tax revenue growth, real estate transfer tax revenue growth, and CARES federal grant revenue.
- On a fund level reporting basis, compared to the prior year, the District's General Fund expenditures increased by \$6,819,609 or 2.93 percent. This increase was the result of planned contract increases for salaries for the professional staff, retirement costs, and medical benefits costs. Salary expense increased by \$3,872,583 or 4.0 percent.

OVERVIEW OF FINANCIAL STATEMENTS

The accompanying financial statements have been prepared in accordance with GASB Statement No. 34 and present both entity-wide and fund level financial statements using both the accrual basis and modified accrual basis of accounting, respectively.

Entity-Wide Financial Statements

The first two statements are entity-wide financial statements – the Statement of Net Position and the Statement of Activities. These provide both long-term and short-term information about the District's overall financial status.

The entity-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two entity-wide statements report the District's net position and how they have changed. Net position, the difference between the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources, is one way to measure the District's financial health or position.

Over time, increases or decreases in the District's net position are an indication of whether its financial health is improving or deteriorating, respectively.

To assess the overall health of the District, the reader needs to consider additional nonfinancial factors, such as changes in the District's property tax base and the performance of the students.

The entity-wide financial statements of the District are divided into two categories:

 Governmental Activities — All of the District's basic services are included here, such as instruction, administration, and community services. Property taxes and state and federal subsidies and grants finance most of these activities.

WEST CHESTER AREA SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED (CONT'D) JUNE 30, 2021

 Business-type Activities — The District operates a food service operation and charges fees to staff and students to cover the costs of the food service operation.

Fund Level Financial Statements

The remaining statements are fund financial statements that focus on individual parts of the District's operations in more detail than the entity-wide statements. The governmental funds statements tell how the District's general services were financed in the short term as well as what remains for future spending. Proprietary fund statements offer short-term and long-term financial information about the activities that the District operates like a business. For this District, this is our Food Service Fund. Fiduciary fund statements provide information about financial relationships for which the District acts solely as a trustee or agent for the benefit of others.

- Governmental Funds Most of the District's activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. The District's major governmental funds are the General Fund, the Capital Projects Fund, and the Capital Reserve Fund. Governmental funds are reported using the modified accrual accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.
- Proprietary Funds These funds are used to account for District activities that are similar to
 business operations in the private sector; or where the reporting is on determining net income,
 financial position, changes in financial position, and a significant portion of funding through
 user charges. When the District charges customers for services it provides whether to outside
 customers or to other units in the District these services generally are reported in proprietary
 funds. The Food Service Fund is the District's proprietary fund and is the same as the businesstype activities reported in the entity-wide statements.
- Fiduciary Funds The District is the trustee, or fiduciary, for some scholarship funds. All of the
 District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and
 Statement of Changes in Fiduciary Net Position. These activities are excluded from the District's
 other financial statements because the District cannot use these assets to finance its operations.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

FINANCIAL ANALYSIS OF THE DISTRICT — ENTITY-WIDE STATEMENTS

The District's total net position was negative \$174,208,771 at June 30, 2021. This represents an increase of \$21,732,215 over the prior year. The following table presents condensed financial information for the net position of the District as of June 30, 2021 and 2020.

Statement of Net Position June 30, 2021 and 2020

	Government	tal Activities	Business-ty	pe Activities	Totals	
	2021	2020	2021	2020	2021	2020
ASSETS:

Unrestricted (Deficit)	(262,155,231)	(268,378,626)	677,290	720,258	(261,477,941)	(267,658,368)
TOTAL NET POSITION						
(DEFICIT)	\$ (175,538,044)	\$ (197,318,853)	\$1,329,273	\$1,377,867	\$ (174,208,771)	\$ (195,940,986)

The governmental activities restricted net position in the amount of \$23,571,239 are set aside to fund capital improvements, the replacement of and additions to public works, and deferred maintenance. The total unrestricted net position in the amount of negative \$261,477,941 included \$677,290 which could be used for capital and other expenditures within the District's food service program.

The results of this year's operations as a whole are reported in the Statement of Activities. All expenses are reported in the first column. Specific charges, grants, revenues, and subsidies that relate directly to specific expense categories are presented to determine the final amount of the District's activities that are supported by other general revenues. The largest revenues are property taxes, local taxes, and the state basic education subsidy.

The following table presents condensed financial information for the Statement of Activities in a different format so that the reader can see the total revenues for the year. Compared to the prior year, the District's total revenues increased by \$5,335,285 or 2.1 percent. The largest changes in revenue occurred in other taxes and operating grants and contributions. Other taxes increased by \$4,132,229 or 15.6 percent related to increases in earned income tax revenues and real estate transfer tax revenue. Operating grants and contributions increased by \$4,580,260 or 12.7 percent due to increases in CARES federal grant funding and food service federal and state funding. Property taxes revenue increased by \$1,741,528 or 1.0 percent mostly related to an increase in interim real estate tax revenue. The

revenue growth was offset by decreases in other revenue by \$2,736,007 or 87.2 percent related to a decreased investment earnings and a decrease in charges for services of \$2,354,802 related to the reduction in food services fee revenue.

Expenses increased by \$5,383,231 or 2.3 percent. The largest drivers of this decrease were instruction, administrative/financial support, and operation and maintenance of plant and services spending. The main driving factors for the increase were related to contracted salaries increase, medical benefit expense, and retirement expense.

EXPENSES

The table below presents condensed financial information on the expenses of the District by function. The table illustrates both the gross and net costs of services. Unrestricted grants, subsidies, and contributions are deducted to reflect the amount needed to be funded by other revenue sources. The amount needed to be funded by other revenue sources increased by \$3,419,383 or 1.8 percent more than the prior year. The table for business-type activity reflects condensed financial activities of the food service program, the only business-type activity of the District.

THE DISTRICT FUNDS

General Fund

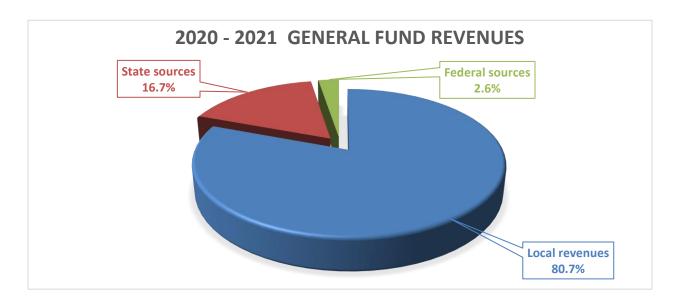

At June 30, 2021, the District reported a General fund balance of \$69,152,529, which represents 28.8 percent of total expenditures and was an increase of \$13,697,043 over the prior year. Of this amount, the District committed \$4,159,909 for the purpose of healthcare rate stabilization. Due to the nature of self-insuring health insurance claims, the District experiences volatility in annual health insurance costs. To smooth these expenditures, in 2011 the District established a health insurance rate stabilization fund, and for the current year, the District maintained a balance consistent with the prior year of \$4,159,909. The District assigned \$38,183,867 of the fund balance towards Tax Rate Stabilization. These funds will be used to offset the 2021 - 2022 budget gaps and eliminate the need for future tax increases. The School Board of West Chester Area School District manages the fund balance to respond to unforeseen contingencies and economic conditions. This philosophy was established during a healthy and growing economy within the District and accurate and timely forecasting which allows the District to constantly monitor economic trends within our community. This philosophy conforms to the Board's belief that the tax burden should be aligned with the current funding needs of the District. In 2017, to help fund fluctuations in alternative education cost, the District established an Alternative Education fund, and for the current year, the District's assigned balance was \$2,000,000, which is an increase of \$1,000,000 for the prior year. During 2019, the District established an enrollment growth fund to plan for the costs associated with opening a new elementary school that will meet the needs of the student growth within

the District. For the current year, the District assigned \$4,500,000 for the enrollment growth fund. For the 2021 fiscal year, the District assigned \$1,000,000 to help minimize the property assessment fluctuation assigned. Also in 2021, the District assigned \$500,000 for Technology/Distance learning expenditures. The remaining assigned fund balance of \$128,904 is assigned for athletic activities.

REVENUE

General Fund Revenues, excluding other financing sources, total \$261,203,939, which is an increase from the collections in the prior year. The table below reflects a comparison of current year revenues to prior year revenues:

	General Fund Revenue 2021	Percentage of Total	1)	ncrease/ Decrease) rom 2020	Variance Over/(Under) Final Budget
Local revenues State sources Federal sources	\$ 210,809,638 43,625,782 6,768,519	80.7% 16.7% 2.6%	\$	3,412,453 (463,254) 3,151,987	9,600,883 (242,152) 3,357,178
TOTAL	\$ 261,203,939	100.00%	\$	6,101,186	\$ 12,715,909

Local revenues increased by \$3,412,453. The District's earned income tax revenues increased by \$2,629,837, or 12.2 percent, from the prior year. Additionally, real estate transfer tax revenue increased by \$1,570,267, and real estate tax revenue increased by \$1,013,529 due to interim receipts. The increases were offset by decreases in investment income in the amounts of \$1,958,123.

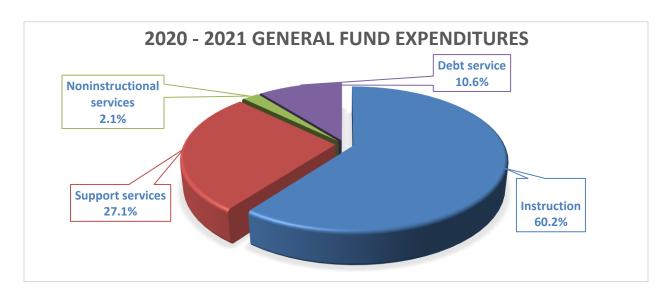

The decrease in state revenues is due to a decrease in special education funding. Special education funding decreased by \$1,047,931 and was offset by an increase of \$762,162 in state pension subsidy. The state reimburses the District for 50 percent of the District's pension cost. In addition to the decrease in special education subsidy and the increase in retirement subsidy, the District had a decreases transportation subsidy in the amount of \$172,506.

Federal revenues increased by 87.2 percent, which is the result of additional Elementary and Secondary School Emergency Relief (ESSER) and Governor's Emergency Education Relief (GEER) Funding \$3,075,267.

EXPENDITURES

General Fund expenditures, excluding transfers to other governmental funds, totaled \$239,889,754. This was an increase of \$6,819,609 or 2.93 percent over the prior year, and it was \$22,292,391 under the approved budget. The expenditures were segregated into various programs depending on the functions of the activity. These programs and the costs associated with each, as well as comparison to the costs incurred in the prior year and the final 2020 - 2021 budget, are as follows:

	General Fund Expenditures 2021	Percentage of Total	Increase/ (Decrease) from 2020	Variance Over/(Under) Final Budget
Instruction Support services Noninstructional services Debt service	\$ 144,653,284 64,894,548 4,928,997 25,412,925	60.2% 27.1% 2.1% 10.6%	\$ 5,497,227 2,376,425 74,684 (1,128,727)	\$ (11,197,448) (8,508,726) (708,936) (1,877,281)
TOTAL	\$ 239,889,754	100.0%	\$ 6,819,609	\$ (22,292,391)

The driving factors for the 2020 - 2021 increases in expenses were contracted salary increases, higher than anticipated medical claims, and supply expenses. Salary, medical benefits, and supplies expense increases drove instructional expense, non-instructional support services expense, and support services increases. There was a decrease in debt service expenses due to a refunding during the fiscal year.

Capital Projects Fund

Fiscal 2020 - 2021 represented the eleventh year of the District's elementary school master plan renovations. By the completion of this plan, all 10 existing elementary schools will have been renovated. In 2019, the District identified the need for an eleventh elementary school due to the student growth within the District. During 2019 - 2020, construction began on the new Greystone Elementary School, which is scheduled to be completed and open in August 2021. As of June 30, 2021, the District had a capital projects fund balance of \$37,703,387. This was an increase of \$13,345,590 from the prior year. The District reported net cash inflows of \$29,250,000 which represented the new bond funds secured to fund the latest elementary school renovations and complete the new elementary school. The District also reported expenditures of \$22,015,041 in 2020 - 2021. These expenditures were primarily related to the design and renovation of the elementary schools.

Capital Reserve Fund

The Capital Reserve Fund had a fund balance of \$23,571,239 at June 30, 2021. This was a \$2,225,784 increase from the prior year. The Capital Reserve Fund is funded by transfers from the General Fund. In 2020 - 2021, the capital outflows from the Capital Reserve Fund were spent on technology replacements and maintenance projects. The Capital Reserve Fund received a transfer in of \$7,633,522 from the General Fund. This transfer represented general fund maintenance projects and debt service savings achieved through refinancing an existing bond issue.

Food Service Fund

The Food Service Fund ended the year with a net position of \$1,329,273, a decrease of \$48,594 from the prior year.

GENERAL FUND BUDGET

During the fiscal year, the Board of School Directors authorizes revisions to the original budget to accommodate differences from the original budget to the actual expenditures of the District. All adjustments are confirmed again at the time the annual audit is accepted. This is done after the end of the fiscal year in accordance with state law. A schedule showing the District's original and final budget amounts compared with amounts actually paid and received is provided in the financial statements. There were significant increases from original to final budgeted amounts in the expenditure areas of instructional regular programs and instructional special programs to account for additional unplanned COVID grant funds received and expended during the year.

Due to legislative restrictions, the District must adopt a preliminary budget six months before the start of the fiscal year. Subsequent to the start of the fiscal year, the District's projections indicated that future budget years would experience a budgetary shortfall due to rising pension rates and limited local

revenue increases. In reaction to this anticipated gap, the District has been conservative with spending. This is evident when reviewing the District's actual expenditures versus the approved budget. Total revenues were collected above budgeted amounts at \$12,715,909 over budget or 5.1 percent. Total expenditures were under the amended budget by \$22,292,391 or 8.5 percent.

CAPITAL ASSETS

At June 30, 2021, the District had \$325,561,451 invested in a broad range of governmental capital assets, including land, buildings, furniture, and equipment. This amount represents a net increase (including additions, deletions, and depreciation) of \$14,360,742 or 4.6 percent from the prior year. Additionally, the District's construction-in-progress balance increased by \$19,475,639 from the prior year.

The following schedule depicts the capital assets for the period July 1, 2020 through June 30, 2021. More detailed information about capital assets is included in the notes to the financial statements.

	Governmental Activities	Business-type Activities	Total Assets
Capital assets:			
Land	\$ 28,289,916	\$ -	\$ 28,289,916

DEBT ADMINISTRATION

As of June 30, 2021, the District had total outstanding bonds and related charges of \$303,272,635, an increase of \$16,636,096 from the prior year. Based upon a projection of future debt margins, the retirement of principal on current issues and estimated future borrowing, the District is certain that it will not exceed its debt limit.

Debt Service Schedule June 30, 2021

	Principal			Principal
	Outstanding	Maturities/		Outstanding
	June 30, 2020	Refinancing	Additions	June 30, 2021
GENERAL OBLIGATION BONDS AND NOTES	\$ 268,885,000	\$ 33,330,000	\$ 46,050,000	\$ 281,605,000
Deferred amounts : Net issuance premium	17,751,539	3,367,146	7,283,242	21,667,635
LONG-TERM DEBT	\$ 286,636,539	\$ 36,697,146	\$ 53,333,242	\$ 303,272,635

OTHER LONG-TERM LIABILITIES

Other obligations include accrued vacation pay and severance for specific employees of the District. More detailed information about long-term liabilities is included in the notes to the financial statements.

THE DISTRICT'S FUTURE

The District forecasts budgetary impacts five years forward. Looking forward, the District is currently forecasting expenses to outpace revenues, creating a budgetary gap. Local revenue, the Districts largest budgetary stream, has shown signs over the past year of moderate growth. Interim real estate tax, earned income tax, growth in real estate tax base, and transfer tax collections all follow local economic trends. While state funding has increased recently, increases were driven by pension and social security subsidy increases that are mirrored by the cost and do not assist in addressing budgetary gaps. Expense growth in the future will continue to be driven by pension, staffing salary, and benefit costs. The District's employer pension contribution rate rose to 34.51 percent in 2020 - 2021 and will continue to increase going forward. The District also projects an annual increase of 7.57 percent per year in health benefits.

In response, the District continues to budget conservatively. The District uses fund balance management techniques to reserve funds for future enrollment growth, potential healthcare costs, alternative education costs, and reduce millage impact. The District has changed healthcare plans for all its labor groups in an attempt to limit healthcare expenses. While currently the District is showing a deficit, the District School Board and staff are working hard to develop methods to address the District's long-term financial needs.

During the past year, the District has seen a large number of residential development projects approved within the District's boundaries. In anticipation of the future influx of additional new student enrollment, the District has adjusted its long-term elementary school master plan to include a new eleventh elementary school. The District will continue the renovations and/or additions to each of its existing 10 elementary schools. This project was the continuation of the District's secondary school renovation program that was completed. The District has completed five building renovations, is in progress with both the sixth and seventh renovations, and is almost complete with construction of Greystone Elementary School. As for the balance of the plan, the District has always exercised caution in a conservative approach to borrowing, including waiting until long-term bonds (20-year notes) were capable of being sold at advantageous, fixed rates of interest.

FINANCIAL MANAGEMENT

Our financial report is designed to provide our citizens, taxpayers, parents, students, investors, and creditors with a general overview of the District's finances and to show the Board's accountability for the money it receives. If you have questions about this report or wish to request additional financial information, please contact Mr. John Scully, Director of Business Affairs at the West Chester Area School District, 782 Springdale Drive, Exton, PA 19341, (484) 266-1020.

WEST CHESTER AREA SCHOOL DISTRICT RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2021

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS

\$ 29,268,417

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is capitalized and allocated over their estimated useful lives as depreciation expense. In addition, disposal of assets before they are fully depreciated results in a loss that is not reported in the governmental funds. In the current period, these amounts are:

Capital outlays	\$ 28,302,130	
Depreciation expense	(13,931,184)	
Loss on disposal of capital assets	(4,578)	14,366,368

Because some amounts will not be collected for several months after the District's fiscal year ends, they are not considered as "available" revenues in the governmental funds. Unavailable revenue decreased by this amount during the year.

(37,416)

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. Repayment of note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

(16,636,096)

Governmental funds report deferred amounts on bond refundings as other financing sources. However, these amounts are reported on the statement of net position as deferred outflows of resources and amortized over the life of the refunding debt.

(1,154,764)

In the statement of activities, certain operating expenses – compensated absences (vacations and sick leave) and severance benefits (early retirement) – are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). This is the amount by which current period amounts paid exceeded current period compensated absences earned.

(677,701)

OPEB expenses in the statement of activities differs from the amount reported in the governmental funds because OPEB expenses are recognized in the statement of activities based on the District's proportionate share of the expenses of the cost-sharing OPEB plan and expenses of the single employer, whereas OPEB expenditures are recognized in the governmental funds when a requirement to remit contributions to the plan exists.

29,424

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due and, thus, requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.

10,534

Pension expense in the statement of activities differs from the amount reported in the governmental funds because pension expense is recognized in the statement of activities based on the District's proportionate share of the expenses of the cost-sharing pension plan, whereas pension expenditures are recognized in the governmental funds when a requirement to remit contributions to the plan exists.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The West Chester Area School District's ("the District") financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Governmental Accounting Standards Board ("GASB") is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the District are discussed below.

Reporting Entity

The District is governed by an elected Board of Directors. GAAP requires that the financial statements present the District and its component units, entities for which the District is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the District's operations and, therefore, data from these units are required to be combined with data of the primary school district. Each discretely presented component unit, on the other hand, is required to be reported in a separate column in the entity-wide financial statements to emphasize it is legally separate from the District. Based on the application of these principles, there are no component units presented in the District's financial statements.

Entity-wide and Fund Financial Statements

The entity-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the entity-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The entity-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and, therefore, have been recognized as revenues of the current fiscal period. Only a portion of special assessment receivables due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

- **General Fund** The General Fund is the District's primary operating fund. It accounts for all financial resources, except those required to be accounted for in another fund.
- Capital Projects Fund The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital assets other than those financed by enterprise operations.
- Capital Reserve Fund The Capital Reserve Fund is used for funds set aside that are legally restricted to expenditures for specific purposes.

The District reports one nonmajor fund (debt service) which is used to record certain debt activity.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

The District reports the following major proprietary fund:

Food Service Fund — The Food Service Fund (an enterprise fund) is used to account for
the operations of the District's school cafeterias that are financed and operated in a
manner similar to a private business enterprise wherein the intent of the governing body
is that the cost of providing goods or services to the school population on a continuing
basis will be recovered or financed primarily through user charges.

These funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenue of the District's enterprise fund is food service charges. Operating expenses for the District's enterprise fund includes food production costs, supplies, and administrative costs. All revenues or expenses not meeting this definition are reported as nonoperating revenues and expenses.

For purposes of the statement of cash flows of proprietary funds, cash equivalents include all highly liquid debt instruments with original maturities of three months or less.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Additionally, the District reports the following fund types:

Fiduciary Funds – Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, or other governments. These include private-purpose trust funds and custodial funds. Private-purpose trust funds account for resources, including both principal and earnings, which must be expended in accordance with a trust agreement. Custodial funds are purely custodial in nature.

Assets, Liabilities, and Net Position or Equity

Deposits and Investments

Under Section 440-1 of the Public School Code of 1949, as amended, the District is permitted to invest funds consistent with sound business practices in the following types of investments:

 Obligations of (a) the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America; (b) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth; or (c) any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Deposits in savings accounts or time deposits or share accounts of institutions insured
by the Federal Deposit Insurance Corporation ("FDIC") or the Federal Savings and Loan
Insurance Corporation ("FSLIC") to the extent that such accounts are so insured and, for
any amounts above the insured maximum, provided that approved collateral as
provided by law therefore shall be pledged by the depository.

In 2016, permitted investments were expanded to include highly rated commercial paper, bankers' acceptances, and negotiable certificates of deposit.

Investments are reported at fair value, except for repurchase agreements and nonnegotiable certificates of deposit which are reported at cost. In establishing the fair value of investments, the District uses the following hierarchy. The lowest level of valuation available is used for all investments.

- Level 1 Valuations based on quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access.
- Level 2 Valuations based on quoted prices of similar products in active markets or identical products in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the entity-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of any allowance for uncollectibles. There are no allowances at June 30, 2021.

Property taxes are levied on July 1 and payable in the following periods:

Discount Period - July 1 to August 31 - 2% of gross levy

Flat Period - September 1 to October 31

Penalty Period - November 1 to collection - 10% of gross levy

Lien Date - January 15

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are reported as prepaid items in both entity-wide and fund financial statements.

Inventory

All inventories are valued at the lower of cost (first-in, first-out method) or market. Inventories reported in the governmental funds consist of expendable materials and supplies, which are recorded as expenditures when purchased. Inventories in the proprietary fund consist of food and related supplies, and are recorded as expenses when consumed.

Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the entity-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Donated capital assets, donated works of art, historical treasures and similar assets, and capital assets that are received in a service concession arrangement will be measured at acquisition value.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction is not capitalized.

Property, plant, and equipment is depreciated using the straight-line method over the following estimated useful lives:

Buildings 20 - 40 years Land improvements 20 years Furniture and 3 - 10 years

Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. The liability for unpaid accumulated sick leave is accounted for in the accrued severance pay. This time is paid out only through severance pay calculations.

District employees who are required to work on a 12-month schedule are credited with vacation at rates which vary with length of service or job classification. Vacation must be taken in the year subsequent to when it was earned. If separation of service occurs in the year

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

subsequent to earning, then the unused balance of the amount earned in the prior year is paid at separation. The liability at June 30 represents vacation earned at the date.

Accrued Severance Pay

Administrative personnel who have completed at least 12 years of credited District service and retire under normal PSERS guidelines receive severance pay in the form of compensation. Instructional, secretarial, and support personnel who have completed at least 15 years of credited District service and retire under the normal PSERS guidelines receive severance pay in the form of compensation. Administrative personnel receive \$45 - \$80 per day for every day of accumulated sick and personal days at retirement. Instructional personnel receive \$45 - \$80 per day. Secretarial and support personnel receive \$65 per day for every day of accumulated sick and personal days at retirement to a maximum \$10,000 of compensation. Severance pay generally is liquidated by the General Fund.

Long-term Obligations

In the entity-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are netted against outstanding principal balances and amortized over the life of the bonds. Bond issuance costs are expensed when incurred. Deferred amounts on refunding are recorded as deferred inflows or outflows of resources and amortized over the life of the old debt or the life of the new debt, whichever is shorter. All amortized amounts are amortized using the straight-line method which approximates the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows and Deferred Inflows of Resources

In addition to assets and liabilities, the statement of net position includes separate sections for deferred outflows of resources and deferred inflows of resources. These separate financial statement elements represent an addition to or consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) or inflow of resources (revenue) until then. The District has various items that are reported in these categories.

The first deferred outflow is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

The second deferred outflow of resources relates to certain changes to the net pension and OPEB liabilities which are required to be amortized over a period of years; the unamortized portions of these changes are reflected as deferred outflows of resources in the statement of net position. In the statement of net position, a deferred inflow of resources is recorded for differences related to changes in the net pension and OPEB liabilities which will be amortized over future periods. See Notes 13 through 15 for further analysis of deferred outflows and inflows of resources related to the net pension and OPEB liabilities.

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition with resources that have been received, but not yet earned. At the end of the current fiscal year, deferred inflows of resources reported in the general fund resulted from delinquent property taxes receivable.

Fund Equity

Fund balance will be displayed in the following classification (if applicable) depicting the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable that portion of the fund balance that cannot be spent because it is
 either in a nonspendable form or legally or contractually required to be maintained
 intact.
- Restricted that portion of the fund balance that is constrained to be used for a specific purpose as per an external party or law.
- Committed that portion of the balance that is to be used for a specific purpose as
 per School Board motion. These constraints can be removed or changed by equal
 level action. Action to constrain resources should occur prior to the fiscal year end.
 Direction from the School Board can commit specific dollar amounts, percentages, or
 funds related to a specific activity.
- Assigned that portion of the fund balance that is intended to be used for specific purposes. The Property and Finance Committee, the Superintendent, or the Director of Business Affairs may assign amounts for specific purposes.
- Unassigned that portion of the fund balance that represents expendable available financial resources. It is the residual after the nonspendable, restricted, committed, and assigned portions are deducted from the total fund balance. A negative

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

unassigned fund balance may be reported in the other governmental funds (not general fund) if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds and, finally, unassigned funds, as needed, unless the School Board, Property and Finance Committee, Superintendent, or Director of Business Affairs has provided otherwise in its commitment or assignment actions.

The District is committed to maintaining a prudent level of financial resources to protect against the needs to reduce service levels because of temporary revenue shortfalls or unpredicted expenditures. The District's minimum fund balance policy requires that the unassigned fund balance equal or exceed five percent of the subsequent year's general fund operating expenditures.

Net Position

The entity-wide financial statements report net position in one of three components. Net investment in capital assets consists of capital assets, net of accumulated depreciation, and reduced by the outstanding balances of borrowings attributable to acquiring, constructing, or improving those assets. Net position is reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Those restrictions affect net position arising from the capital projects fund. Unrestricted net position consists of net position that does not meet the definition of "net investment in capital assets" or "restricted."

Use of Estimates in the Preparation of Financial Statements

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

<u>Implementation of GASB Statement</u>

During the year ended June 30, 2021, the District implemented Governmental Accounting Standards Board ("GASB") Statement No. 84, "Fiduciary Activities." This Statement provides additional guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. As a result, the District now presents a statement of changes in fiduciary net position for its custodial funds.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with GAAP. An annual appropriated budget is adopted for the general fund. All annual appropriations lapse at fiscal year-end. Project-length financial plans are adopted for all capital projects funds.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. The Director of Business Affairs submits to the School Board a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted at the District offices to obtain taxpayer comments.
- 3. Prior to July 1, the budget is legally enacted through passage of an ordinance.
- 4. Formal budgetary integration is employed as a management control device during the year for the general fund.
- 5. Budgeted amounts are as originally adopted, or as amended by the School Board.

NOTE 3 DEPOSITS

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned. The District does not have a policy for custodial credit risk but operates under the provisions of Commonwealth laws (Act 72). At June 30, 2021, the carrying amount of the District's deposits was \$27,190,934, and the bank balance was \$27,894,184. Of the bank balance, \$250,000 was covered by federal depository insurance. The remaining balance was fully collateralized. This collateral was held by the depository's agent on a pooled basis not in the District's name and, therefore, subject to custodial credit risk.

NOTE 4 INVESTMENTS

The District purchases money market holdings, certificates of deposit ("CDs") and government agency securities through Fulton Financial Advisors. The money market is a federal money market fund and maintains a stable net asset value of \$1 per share, is rated by a nationally recognized statistical rating organization, and is subject to an independent annual audit. As of June 30, 2021, it was rated AAA by a nationally recognized statistical rating agency. Fulton

NOTES TO FINANCIAL STATEMENTS

NOTE 4 <u>INVESTMENTS</u> (cont'd)

Financial Advisors is a registered member of the Securities and Exchange Commission and subject to the Commission's oversight. These investments are held by a third party. Investments are in short-term securities in accordance with the District's investment policy and school district code. All agency securities purchased are highly rated by a nationally recognized rating agency. All CDs are purchased at values to stay within the FDIC insurance limits.

The District also invests in the Pennsylvania Local Government Investment Trust ("PLGIT"), the Pennsylvania School District Liquid Asset Fund ("PSDLAF"), and the Pennsylvania Treasurer's Investment Program for Local Governments ("PTIP"). Although not registered with the Securities and Exchange Commission and not subject to regulatory oversight, PLGIT, PSDLAF, and PTIP act like money market mutual funds in that their objective is to maintain a stable net asset value of \$1 per share, are rated by a nationally recognized statistical rating organization, and are subject to an independent annual audit. These external investment pools are considered 2a7-like pools and are recorded at amortized cost. The amortized cost, which approximates fair value of the pool, is determined by the pool's share price. As of June 30, 2021, PLGIT, PSDLAF, and PTIP were rated as AAAm by a nationally recognized statistical rating organization. As of June 30, 2021, the District had \$66,586,873 invested in PLGIT, PSDLAF, and PTIP (\$26,632,269 in the General Fund, \$39,141,446 in the Capital Projects Fund, \$377,547 in the Capital Reserve Fund, and \$435,611 in the Food Service Fund.)

The District categorizes its fair value measurements within the fair value hierarchy established by GAAP. The District has the following recurring fair value measurements as of June 30, 2021:

				Maturity in	Maturity in
				Less Than	Greater than
	Fair Value	Level 1	Level 2	One Year	One year
General Fund:					
CRIMS - Agencies	\$21,309,063	\$ -	\$21,309,063	\$21,309,063	\$ -

NOTES TO FINANCIAL STATEMENTS

NOTE 4 <u>INVESTMENTS</u> (cont'd)

Concentration Risk

Investments shall be diversified by avoiding concentration in obligations of a specific issuer (excluding U.S. Treasury securities) and continuously investing a portion of the portfolio in readily available funds such as local government investment pools, money market mutual funds, or bank accounts subject to immediate withdrawal.

Interest Rate Risk

Investment maturities shall be based on a review of cash flow forecasts. Maturities will be scheduled so as to permit the District to meet all projected obligations. For operating funds, the maximum weighted average maturity will be no more than six months at any point in time, and the maximum maturity of any individual investment will be 397 days from purchase date to maturity date. For reserve funds, the maximum weighted average maturity will be no more than two and one-half years from at any point in time and the maximum maturity of any individual investment will be five years from purchase date to maturity date. Scholarship and other similarly designated funds shall be invested such that the final maturity will be suitable to the expected life of the designated fund.

NOTE 5 TAXES RECEIVABLE

Taxes receivable as of year-end for the District, in the aggregate, are as follows:

	General Fund	
Real estate taxes Transfer taxes Earned income taxes	\$	2,109,245 630,306 943,665
Total Taxes Receivable	\$	3,683,216

The District's evaluation of taxes resulted in no allowance for uncollectible accounts.

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. At the end of the current fiscal year, unavailable revenue of \$1,811,835 reported in the governmental funds resulted from delinquent property taxes receivable which was not collected within 60 days of fiscal year end.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2021 was as follows:

	Beginning Balance	Increases	Decreases	Transfers	Ending Balance
Governmental Activities					
Capital assets not being depreciated:					
Land	\$ 28,289,916	\$ -	\$ -	\$ -	\$ 28,289,916

NOTES TO FINANCIAL STATEMENTS

NOTE 7 INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of and for the year ended June 30, 2021 is as follows:

Receivable to	Payable from	Amount
General Fund	Food Service Fund	\$ 71,600

Interfund receivables and payables exist as a result of a time lag between dates when goods and services were provided and payments between funds were made. All will be paid within one year. The general fund transferred \$7,633,522 to the capital reserve fund for the year ended June 30, 2021 to fund future planned capital expenditures. The nonmajor governmental fund transferred excess funds in the amount of \$2,267 related to the bond refunding to the capital projects fund.

Bonds and notes					
payable, net	286,636,539	53,333,242	36,697,146	303,272,635	20,839,036
Total	\$ 641,300,528	\$76,970,321	\$38,194,196	\$ 680,076,653	\$20,839,036

NOTE 10 CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally, the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

NOTE 11 CONSTRUCTION COMMITMENTS

As of June 30, 2021, the District had construction projects yet to be completed. The commitments and amounts completed to date are as follows:

	Contract Amount	Completed as of 06/30/2021	Commitments
Renovations	\$ 70,566,893	\$ 60,101,810	\$ 10,465,083

In addition, the District has incurred costs totaling \$3,711,675 for project costs that were not under a formal contract as of June 30, 2021.

NOTE 12 RISK MANAGEMENT

The District self-insures worker's compensation through its Insurance Consortium. The District's Insurance Consortium is an association consisting of school districts, intermediate units, and

NOTES TO FINANCIAL STATEMENTS

NOTE 12 RISK MANAGEMENT (cont'd)

vocational-technical schools of the Commonwealth of Pennsylvania. The District obtained a self-insurance exemption from the Commonwealth of Pennsylvania, Department of Labor and Industry, Bureau of Worker's Compensation, which allows the District to self-insure workers' compensation.

Each year the District is required to deposit funds into the central fund. The District then is billed monthly for actual claims for the current year paid during the previous month up to the level of retention. After the level of retention is reached, claim payments are made from the central fund. At the end of each fiscal year, reserves are established or adjusted on all outstanding claims. Funds in the central fund at the end of the fiscal year are not refunded. Total claims paid for the year ended June 30, 2021 were \$157,247.

Additionally, the District self-insures group medical, dental, vision, and prescription coverage. The District has accrued a two-month value for potential claims under medical, dental, vision and prescription coverage. Total claims paid for the year ended June 30, 2021 were \$20.868.170.

The District is exposed to various risks of loss related to theft of, damage to, and destruction of assets, errors and omissions, and natural disasters. The District has purchased various insurance policies to safeguard its assets from risk of loss. There was no change in the level of the District's insurance coverage and no settlements exceeding insurance coverage during the year ended June 30, 2021 and the three previous fiscal years.

Change in Aggregate Claim Liabilities

Insurance claim liabilities reported at June 30 are historically paid within one year. Changes in the District's claims liability amount in fiscal years 2021 and 2020 were:

	Year Ended June 30, 2021	Year Ended June 30, 2020	
Claims liability at July 1 Current year claims and changes in estimates Claim payments	\$ 4,010,121 20,650,810 (20,868,170)	\$ 4,010,121 18,031,877 (18,031,877)	
Claims liability at June 30	\$ 3,792,761	\$ 4,010,121	

NOTE 13 PENSION PLAN

The District contributes to the Public School Employees' Retirement System ("PSERS"), a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The

NOTES TO FINANCIAL STATEMENTS

NOTE 13 PENSION PLAN (cont'd)

members eligible to participate in the system include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. The PSERS issues a publicly available comprehensive annual financial report that includes the financial statements and required supplementary information for the plan. A copy of this report may be obtained by writing to the Public School Employees' Retirement System, P.O. Box 125, Harrisburg, Pennsylvania 17108-0125, or by visiting the PSERS website at www.psers.pa.gov.

Benefits Provided

The PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least one year of credited service, (b) age 60 with 30 or more years of credited service, or (c) 35 or more years of service regardless of age. Act 120 of 2010 ("Act 120") preserves the benefits of existing members and introduced benefit reductions for individuals who became new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E ("Class T-E"), and Membership Class T-F ("Class T-F"). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of three years of service, or attain a total combination and age and service that is equal to or greater than 92, with a minimum of 35 years of service. Benefits are generally equal to two percent or two and one-half percent, depending upon the membership class, of the member's final average salary as defined in the Code, multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested, and early retirement may be elected.

For Class T-E and Class T-F members, the right to benefits is vested after 10 years of service. Benefit terms may be amended by passing bills in the Pennsylvania Senate and House of Representatives and sending them to the Governor for approval.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to two percent or two and one-half percent, depending upon the membership class, of the member's final average salary as defined in the Code, multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members, or who has at least five years of credited service for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

NOTES TO FINANCIAL STATEMENTS

NOTE 13 PENSION PLAN (cont'd)

Member Contributions

Active members who joined the system prior to July 22, 1983 contributed at 5.25 percent (Membership Class T-C), or at 6.50 percent (Membership Class T-D) of the member's qualifying compensation.

Members who joined the system on or after July 22, 1983, and who were active or inactive as of July 1, 2001, contribute at 6.25 percent (Membership Class T-C), or at 7.50 percent (Membership Class T-D) of the member's qualifying compensation.

Members who joined the system after June 30, 2001 and before July 1, 2011 contribute at 7.50 percent (automatic Membership Class T-D). For all new hires and for members who elected Membership Class T-D, the higher contribution rates began with service rendered on or after January 1, 2002.

Members who joined the system after June 30, 2011 automatically contribute at the Class T-E rate of 7.50 percent (base rate) of the member's qualifying compensation. All new hires after June 30, 2011, who elect Class T-F membership, contribute at 10.30 percent (base rate) of the member's qualifying compensation. Class T-E and T-F are affected by a "shared risk" provision in Act 120 that in future fiscal years could cause the Class T-E contribution rate to fluctuate between 7.50 percent and 9.50 percent, and Class T-F contribution rate to fluctuate between 10.30 percent and 12.30 percent.

The contribution policy is governed by the applicable provisions of the Retirement Code.

Employer Contributions

The District's contractually required annual contribution is based on an actuarially determined amount that, when combined with the employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2021, the rate of the employer contribution was 34.51 percent of covered payroll, allocated 33.51 percent to pensions, 0.82 percent to health insurance assistance, and 0.18 percent to the defined contribution plan. The District's contribution to PSERS for the year ended June 30, 2021 was \$34,647,233, of which \$33,643,257 was related to pension contributions.

The contribution policy is governed by the applicable provisions of the Retirement Code.

Pension Liability and Expense, and Deferred Outflows and Inflows of Resources

At June 30, 2021, the District reported a liability of \$341,620,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the

NOTES TO FINANCIAL STATEMENTS

NOTE 13 PENSION PLAN (cont'd)

total pension liability used to calculate the net pension liability was determined by rolling forward the system's total pension liability as of June 30, 2019 to June 30, 2020. The District's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll.

At June 30, 2020, the District's proportion was 0.6938 percent, which was an increase of 0.0089 percent from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the District recognized pension expense of \$37,031,214. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Net difference between projected and		
actual investment earnings	\$ 15,014,000	\$ -
Changes in proportions	3,958,000	540,000
Difference between employer contributions and		
proportionate share of total contributions	112,982	-
Contributions subsequent to the date of measurement	33,643,257	-
Difference between expected and actual experience	894,000	8,188,000
	\$ 53,622,239	\$ 8,728,000

Deferred outflows of resources in the amount of \$33,643,257 resulted from the District's contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts will be reported as deferred outflows and resources and deferred inflows of resources related to pensions and will be recognized in pension expense as follows:

Year Ended June 30,		
2022	Ś	(175,683)
2023	•	1,481,649
2024		5,509,546
2025		4,435,470
	\$	11,250,982

NOTES TO FINANCIAL STATEMENTS

NOTE 13 PENSION PLAN (cont'd)

Actuarial Assumptions

The total pension liability at June 30, 2020 was determined by rolling forward the system's total pension liability at June 30, 2019 to June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method entry age normal, level percentage of pay
- Investment return 7.25 percent, including inflation of 2.75 percent
- Salary increases effective average of 5.00 percent, which reflects an allowance for inflation of 2.75 percent, and 2.25 percent for real wage growth and for merit or seniority increases
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.
- Experience rates were based on a study from July 1, 2010 through June 30, 2015.

The long-term expected rate of return on pension plan investments was determined using the building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the PSERS Board of Directors. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

A schedule of plan investments by asset class, target allocations, and long-term expected real rate of return is as follows:

		Long-term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Global public equity	15.0%	5.2%
Private equity	15.0%	7.2%
Fixed income	36.0%	1.1%
Commodities	8.0%	1.8%
Absolute return	10.0%	2.5%
MLPs/infrastructure	6.0%	5.7%
Real estate	10.0%	5.5%

NOTES TO FINANCIAL STATEMENTS

NOTE 13 PENSION PLAN (cont'd)

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
(cont'd)		
Risk parity	8.0%	3.3%
Cash	6.0%	(1.0%)
Financing (LIBOR)	(14.0%)	(0.7%)
	100.0%	

The above was the PSERS Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2020.

Discount Rate

The discount used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates which are actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u>

The following presents the net pension liability, calculated using the discount rate of 7.25 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate.

	1%	Current	1%
	Decrease 6.25%	Discount Rate 7.25%	Increase 8.25%
District's proportionate share of the net pension liability	\$ 422,656,000	\$ 341,620,000	\$ 272,971,000

Pension Plan Fiduciary Net Position

Detailed information about the PSERS' fiduciary net position is available in the PSERS Comprehensive Annual Financial Report, which can be found on the system's website at www.psers.state.pa.us.

NOTES TO FINANCIAL STATEMENTS

NOTE 14 POSTEMPLOYMENT HEALTHCARE PLAN

Plan Description

The District administers a single employer defined benefit healthcare plan to eligible retirees and their spouses. The District has three bargaining units which participate in this plan: the West Chester Education Support Professionals, West Chester Service Support Professionals, and West Chester Area Education Association (teachers). In addition, the administrators and the non-bargaining staff members participate in the plan. Members of the Education Support Professionals and the Service Support Professionals who were at least 50 years old as of July 1, 2012 and had 20 years of service upon retirement are eligible to receive a health reimbursement account ("HRA") of \$2,000 per year towards the PSERS Health Options Program for a maximum of four years.

Teachers that reached age 50 as of July 1, 2014 and had 20 years of service in the District and retired prior to July 1, 2021 were eligible to receive an HRA of \$20,000 and cannot elect coverage under a medical plan provide by the District. Teachers retiring on or after July 1, 2021 may continue the medical benefits by paying the full COBRA premium.

Administrators that reach age 50 with 12 years of service and five years as an administrator receive benefits for administrator and spouse for 10 years or until Medicare eligible. Administrators receiving this benefit are required to cost share for administrator coverage at a rate equal to the higher of the maximum reimbursement provided by PSERS (currently \$100 per month) or active employee contribution and up to 50 percent of the cost of the spousal coverage cost.

Non-bargaining employees that reach age 50 with 15 years of service receive single coverage benefits until Medicare eligible. Non-bargaining staff receiving this benefit are required to cost share for non-bargaining employee coverage at a rate equal to the higher of the maximum reimbursement provided by the PSERS (currently \$100 per month) or active employee contribution. The employee must retire from service to receive the post-employee benefits and not work for another school district.

The health insurance plan is a single employer, defined benefit OPEB plan. The medical, prescription drug, dental, and vision benefits are self-insured. Only the PC-65 product is fully insured. The medical benefits are administered through Blue Cross, and the prescription drug benefits through Caremark. Separate financial statements are not issued for the plan.

<u>Participants</u>

As of June 30, 2021, the Plan had 1,395 participants, consisting of 1,336 active participants, zero vested former participants, and 59 retired participants. Participant data is based on census information as of July 2020.

NOTES TO FINANCIAL STATEMENTS

NOTE 14 POSTEMPLOYMENT HEALTHCARE PLAN (cont'd)

Funding Policy

The contribution requirements of plan members are established and may be amended by the Board of School Directors. The District has no assets accumulated in a trust or equivalent arrangement for the purpose of administering the OPEB plan. The required contribution is based on projected pay-as-you-go financing requirements, with any additional amount to prefund as determined annually by the Board of School Directors. For fiscal year 2021, the District paid \$845,522 to plan members eligible for receiving benefits.

Actuarial Assumptions and Other Inputs

The total OPEB liability was measured as of July 1, 2020, which was the same date of the most recent actuarial valuation.

Discount Rate

The discount rate was 1.86 percent based on the S&P Municipal Bond 20-year High Grade Rate Index at July 1, 2020 and decrease from the prior measurement date (44.64 percent).

Withdrawal

Rates of withdrawal vary by age, gender, and years of service. Sample rates for employees with more than 10 years of service are shown below. Rates for new employees start at 22.9 percent for both men and women and decrease with age and service.

Age	Male Rate	Female Rate	Age	Male Rate	Female Rate
25	2.5700%	5.0200%	45	1.3700%	1.6500%
30	2.5700%	4.0200%	50	1.9200%	2.0600%
35 40	1.5000% 1.3400%	2.8500% 1.6000%	55 60	3.3800% 5.5700%	3.1100% 6.4000%

Mortality

Separate rates are assumed preretirement and postretirement using the PSERS defined benefit pension plan actuarial valuation.

Incorporated into the table are rates projected generationally by the Buck Modified 2016 projection scale to reflect mortality improvement.

NOTES TO FINANCIAL STATEMENTS

NOTE 14 POSTEMPLOYMENT HEALTHCARE PLAN (cont'd)

Disability

No disability was assumed.

Retirement

Assumed retirement rates are based on PSERS plan experience and vary by age, service, and gender.

	Age 55 and 25	Years of Service	Superannuation		
Age	Male	Female	Male	Female	
55	19%	19%	27%	10%	
56	17%	17%	32%	30%	
57	17%	17%	32%	30%	
58	17%	17%	32%	35%	
59	22%	21%	31%	36%	
60	14%	17%	31%	36%	
61	29%	30%	29%	31%	
62	51%	61%	51%	61%	
63	26%	26%	26%	26%	
64	21%	22%	21%	22%	
65	100%	100%	100%	100%	

<u>Salary</u>

An assumption for salary increases is used only for spreading contributions over future pay under the entry age normal cost method. For this purpose, salary increases are composed of 2.5 percent cost of living adjustment, 1.0 percent real wage growth, and for teachers and administrators, a merit increase which varies by age from 0.00 to 2.75 percent.

Percent of Eligible Retirees Electing Coverage in Plan

One hundred percent of employees eligible for an HRA account are assumed to elect it. Ninety percent of employees eligible for subsidized coverage, fifty percent of teachers, and twenty-five percent of all other employees only eligible for self-paid coverage are assumed to elect coverage. One hundred percent of administrators and forty percent of all other employees are assumed to elect group life insurance.

Percent Married at Retirement

Ninety percent of administrators and fifteen percent of all other employees are assumed to be married and have a spouse covered by the plan at retirement. Non-spouse dependents are deemed to be immaterial.

NOTES TO FINANCIAL STATEMENTS

NOTE 14 POSTEMPLOYMENT HEALTHCARE PLAN (cont'd)

Spouse Age

Wives are assumed to be two years younger than their husbands.

Per Capita Claims Cost

The per capita claims cost for medical and prescription drug is based on the expected portion of the group's overall cost attributed to individuals in the specified age and gender brackets.

Dental and vision costs are assumed to not vary with age or gender. The resulting costs are as follows:

	Medical			Prescription Drug			1	
Age		Male	F	emale		Male	Fe	emale
45 - 49	\$	6,591	\$	9,518	\$	1,266	\$	1,771
50 - 54	\$	8,729	\$	10,757	\$	1,624	\$	2,001
55 - 59	\$	10,631	\$	11,256	\$	1,978	\$	2,094
60 - 64	\$	13,873	\$	12,931	\$	2,581	\$	2,405
65+	\$	10,156	\$	11,156	N	I/A - included	d with Me	edical

Life Insurance

It is assumed that the annual cost to provide life insurance varies by age and gender. The assumed cost is equal to the amount of coverage times the applicable mortality factor contained in the valuation mortality table. Retiree contributions are \$0.095 per month per \$1,000 of coverage and are assumed to not increase.

Retiree Contributions

Retiree contributions are assumed to increase at the same rate as the healthcare cost trend rate.

Healthcare Cost Trend Rate

The healthcare cost trend rate was 5.5 percent in 2020 through 2023. Rates gradually decrease from 5.4 percent in 2024 to 4.0 percent in 2075 and later based on the Society of Actuaries Long-Run Medical Cost Trend Model.

<u>Actuarial Cost Method – Entry Age Normal</u>

Under the entry age normal cost method, the normal cost is the present value of benefits allocated to the year following the valuation date. Benefits are allocated on a level basis over

NOTES TO FINANCIAL STATEMENTS

NOTE 14 POSTEMPLOYMENT HEALTHCARE PLAN (cont'd)

the earnings of an individual between the date of hire and the assumed retirement age. The accrued liability as of the valuation date is the excess of the present value of future benefits over the present value of future normal cost. The unfunded accrued liability is the excess of the accrued liability over the actuarial value of assets. Actuarial gains and losses serve to reduce or increase the unfunded accrued liability.

Sensitivity Analysis

The following presents the net OPEB liability, calculated using the valuation discount rate, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate.

	1%	Current	1%	
	Decrease 0.86%	Discount Rate 1.86%	Increase 2.86%

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN

Health Insurance Premium Assistance Program

The PSERS provides premium assistance, which is a governmental cost sharing, multipleemployer other postemployment benefits plan ("OPEB") for all eligible retirees who qualify and elect to participate. Employer contribution rates for premium assistance are established to

NOTES TO FINANCIAL STATEMENTS

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

provide reserves in the health insurance account that are sufficient for the payment of premium assistance benefits for each succeeding year. Effective January 1, 2002, under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2020, there were no assumed future benefit increases to participating eligible retirees.

Premium Assistance Eligibility Criteria

Retirees of the system can participate in the premium assistance program if they satisfy the following criteria:

- Have 24½ or more years of service, or
- Are a disability retiree, or
- Have 15 or more years of service and retired after reaching superannuation age, and
- Participate in the HOP or employer-sponsored health insurance program.

OPEB Plan Description

The District contributes to the Public School Employees' Retirement System ("PSERS"), a governmental cost-sharing multiple-employer defined benefit OPEB plan that provides postemployment benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the PSERS plan include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. The PSERS issues a publicly available comprehensive annual financial report that includes the financial statements and required supplementary information for the plan. A copy of this report may be obtained by writing to the Public School Employees' Retirement System, P.O. Box 125, Harrisburg, Pennsylvania, 17108-0125, or by visiting the PSERS website at www.psers.state.pa.us.

Benefits Provided

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2020, there were no assumed future benefit increases to participating eligible retirees. Benefit terms may be amended by passing bills in the Pennsylvania Senate and House of Representatives and sending them to the Governor for approval.

NOTES TO FINANCIAL STATEMENTS

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

Employer Contributions

The District's contractually required contribution rate for the fiscal year ended June 30, 2021 was 0.82 percent of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the OPEB plan from the District were \$823,261 for the year ended June 30, 2021.

The contribution policy is governed by the applicable provisions of the Retirement Code.

OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources

At June 30, 2021, the District reported a liability of \$14,935,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the system's total OPEB liability as of June 30, 2019 to June 30, 2020. The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2020, the District's proportion was 0.6912 percent, which was an increase of 0.0063 percent from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the District recognized OPEB expense of \$792,555. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources relating to OPEB from the following sources:

	Deferred	Deferred	
	Outflows of	Inflows of	
	Resources	Resources	
Difference between expected and

	\$1,790,775	\$ 366,000	

NOTES TO FINANCIAL STATEMENTS

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

An amount of \$823,261 is reported as deferred outflows of resources resulting from the District's contributions subsequent to the measurement date and will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2022. Other amounts will be reported as deferred outflows of resources and deferred inflows of resources relating to OPEB and will be recognized in OPEB expense as follows:

Year Ending June 30,

2022	;	\$ 83,555
2023		79,555
2024		76,554
2025		186,045
2026		110,943
Thereafter		64,862
		\$ 601,514

Actuarial Assumptions

The total OPEB liability as of June 30, 2020 was determined by rolling forward the system's total OPEB liability as of June 30, 2019 to June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method entry age normal level percent of pay
- Investment return 2.66 percent S&P 20-year Municipal Bond Rate
- Salary growth effective average of 5.00 percent, comprised of inflation of 2.75 percent and 2.25 percent for real wage growth and for merit or seniority increases
- Premium assistance reimbursement is capped at \$1,200 per year.
- Assumed healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.
- Experience rates were based on a study from July 1, 2010 through June 30, 2015.
- Participation rate:
 - Eligible retirees will elect to participate pre-age 65 at 50 percent.
 - Eligible retirees will elect to participate post-age 65 at 70 percent.

The following assumptions were used to determine the contribution rate:

• The results of the actuarial valuation as of June 30, 2018 determined the employer contribution rate for fiscal year 2020.

NOTES TO FINANCIAL STATEMENTS

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

- Cost method amount necessary to assure solvency of premium assistance through the third fiscal year after the valuation date
- Asset valuation method market value
- Participation rate 63 percent of eligible retirees are assumed to elect premium assistance.
- Mortality rates and retirement ages were based on the RP-2000 Combined Healthy Annuitant Tables with age set back three years for both males and females for healthy annuitants and for dependent beneficiaries. For disabled annuitants, the RP-2000 Combined Disabled Tables with age set back seven years for males and three years for females for disabled annuitants. (A unisex table based on the RP-2000 Combined Healthy Annuitant Tables with age set back three years for both genders assuming the population consists of 25 percent males and 75 percent females is used to determine actuarial equivalent benefits.)

Investments consist primarily of short-term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code, employer contribution rates for premium assistance are established to provide reserves in the health insurance account that are sufficient for the payment of premium assistance benefits for each succeeding year.

Change in Assumptions: The discount rate changed from 2.79 percent to 2.66 percent.

Asset Class	TargetAllocation	Long-term Expected Real Rate of Return
Cash	50.3%	(1.0%)
U.S. core fixed income	46.5%	(0.1%)
Non-U.S. developed fixed	3.2%	(0.1%)
	100.0%	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2020.

Discount Rate

The discount rate used to measure the total OPEB liability was 2.66 percent. Under the plan's funding policy, contributions are structured for short-term funding of premium assistance. The

NOTES TO FINANCIAL STATEMENTS

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

funding policy sets contribution rates necessary to assure solvency of premium assistance through the third fiscal year after the actuarial valuation date.

The premium assistance account is funded to establish reserves that are sufficient for the payment of premium assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments; therefore, the plan is considered a "pay-as-you-go" plan. A discount rate of 2.66 percent, which represents the S&P 20-year Municipal Bond Rate at June 30, 2020, was applied to all projected benefit payments to measure the total OPEB liability.

Sensitivity of the System's Net OPEB Liability to Change in Healthcare Cost Trend Rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual premium assistance. As of June 30, 2020, retirees' premium assistance benefits are not subject to future healthcare cost increases. The annual premium assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2020, 93,693 retirees were receiving the maximum amount allowed of \$1,200 per year. As of June 30, 2020, 688 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on healthcare cost trends as depicted below.

The following presents the system's net OPEB liability for June 30, 2020, calculated using current healthcare cost trends, as well as what the system's net OPEB liability would be if its healthcare cost trends were one percentage point lower or one percentage point higher than the current rate:

	1%	Current	1%
	Decrease	Trend Rate	Increase
District's proportionate share of			
the net OPEB liability	\$ 14,933,000	\$ 14,935,000	\$ 14,936,000

<u>Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate</u>

The following presents the net OPEB liability for June 30, 2020, calculated using the discount rate of 2.66 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.66 percent) or one percentage-point higher (3.66 percent) than the current rate.

	1%	Current	1%
	Decrease 1.66%	Discount Rate 2.66%	Increase 3.66%
District's proportionate share of the net OPEB liability	\$ 17,028,000	\$ 14,935,000	\$ 13,201,000

NOTES TO FINANCIAL STATEMENTS

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

OPEB Plan Fiduciary Net Position

Detailed information about the PSERS' fiduciary net position is available in the PSERS Comprehensive Annual Financial Report, which can be found on the system's website at www.psers.pa.gov.

NOTE 16 NET OPEB LIABILITY AND DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES

The District's aggregate net OPEB liability and deferred inflows and outflows of resources are as follows:

	Net OPEB Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	
District Plan (See Note 14) PSERS Plan (See Note 15)	\$ 14,131,162 14,935,000	\$ 2,452,432 1,790,775	\$ 2,020,273 366,000	
Total	\$ 29,066,162	\$ 4,243,207	\$ 2,386,273

Total Fund Balances	\$69,152,529	\$37,703,387	\$23,571,239	\$130,427,155

NOTES TO FINANCIAL STATEMENTS

NOTE 18 ON-BEHALF PAYMENTS FOR FRINGE BENEFITS

The District recognizes contributions made by the Commonwealth of Pennsylvania as revenue and expenses to be used for District employees' social security and pension contributions. Onbehalf payments to the District totaled \$3,586,749 and \$17,365,094 for social security and retirement contributions for the year ended June 30, 2021, respectively. These contributions are recorded in the General Fund as revenue and expenditures.

NOTE 19 UNCERTAINTIES

COVID-19 Pandemic

As a result of the spread of the COVID-19 coronavirus which was ongoing at June 30 2021, economic and operational uncertainties have arisen which may impact the District in fiscal year 2022. The extent of the potential impact is unknown as the COVID-19 pandemic continues to develop.

NOTE 20 DEFICIT NET POSITION

For governmental activities, the unrestricted net deficit amount of \$262,155,231 includes the effect of deferring the recognition of pension and OPEB contributions made subsequent to the measurement date of the net pension and OPEB liabilities, the unamortized portion of contributions made in excess of the District's share of its proportionate contributions to its pension and OPEB plans, the differences between projected and actual investment earnings, and the deferred outflows resulting from the change in the District's share of the net pension and OPEB liabilities. This is offset by the District's actuarially determined net pension and OPEB liabilities and the deferred inflow resulting from the difference between actual and expected experience.

NOTE 21 CHANGE IN ACCOUNTING PRINCIPLE

The District has increased its July 1, 2020 net position in the custodial fund by \$519,645 due to the effects of implementing GASB Statement No. 84, "Fiduciary Activities." Amounts previously recorded as liabilities are now recognized as net position.

NOTE 22 SUBSEQUENT EVENTS

The District has evaluated all subsequent events through December 10, 2021, the date the financial statements were available to be issued.

Note: Effective June 30, 2007, Pennsylvania law has imposed restrictions on a school district's ability to increase tax rates. The State restricts increases to tax rates to no more than a pre-calculated index. A district may apply for exceptions with the State to increase the tax rate above the index.

⁽¹⁾ Includes revenue received from State designated for school district property tax reduction. Special Section Act 1 of 2006 was passed to ease the financial burden of home ownership by providing school districts the means to lower property taxes to homeoweners via this funding to districts provided by gaming revenue.

⁽²⁾ One mill of tax is equal to \$1.00 for every \$1,000 of assessed valuation of real estate property

⁽³⁾ Does not include delinquent or interim taxes collected.

SINGLE AUDIT

INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

December 10, 2021

Board of School Directors West Chester Area School District Exton, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the West Chester Area School District ("the District") as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 10, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Board of School Directors West Chester Area School District

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

December 10, 2021

Board of School Directors West Chester Area School District Exton, Pennsylvania

Report on Compliance for the Each Major Federal Program

We have audited the West Chester Area School District's ("the District") compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2021. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and recommendations.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

Board of School Directors West Chester Area School District

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each of its major federal programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance on each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

I - Indirect Funding

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE A BASIS OF PRESENTATION

The schedule of expenditures of federal awards reflects federal expenditures for all individual grants which were active during the fiscal year.

NOTE B BASIS OF ACCOUNTING

The District uses the modified accrual method of recording transactions except as noted for the accounting of donated commodities in Note C. Revenues are recorded when measurable and available. Expenditures are recorded when incurred.

NOTE C NONMONETARY FEDERAL AWARDS - DONATED FOOD

The Commonwealth of Pennsylvania distributes federal surplus food to institutions (schools, hospitals, and prisons) and to the needy. Expenditures reported in the schedule of expenditures of federal awards under CFDA #10.555 includes surplus food consumed by the District during the 2020 - 2021 fiscal year. The District has food commodities totaling \$10,494 in inventory as of June 30, 2021.

NOTE D ACCESS PROGRAM

The ACCESS Program is a medical assistance program that reimburses local educational agencies for direct eligible health-related services provided to enrolled special needs students. Reimbursements are federal source revenues but are classified as fee-for-service and are not considered federal financial assistance. The amount of ACCESS funding recognized for the year ended June 30, 2021 was \$995,911.

NOTE E <u>INDIRECT COST</u>

The District has not elected to use the 10 percent de minimis indirect cost rate allowed under Uniform Guidance. For the year ended June 30, 2021, there were no indirect costs included in the schedule of expenditures of federal awards.
